Alf Poier

The Winner Takes It All

Not have I come to Riga to bring peace, but to bring the sword. I am the holy clown chosen to speak the truth :

EUROPE HAS BECOME A MENTAL AND SPIRITUAL HIROSHIMA !!!

I never intended to go down in European music-history. But as an artist, philosopher and visionary I consider it my holy duty to give Europe a slap in the face, which won't be forgotten for some time. I am the lecherous wet-nurse, ready to squirt her purifying milk into the moaning mouth of a decaying society. If Europe is willing to give in to collective decline and trade its soul for cheap Hollywood-crap and hamburgers, it deserves nothing better than me winning the Songcontest.
